Tidbits

Our lesson this month is over signs, both traffic and store signs!

Do you know anyone that works in construction or with tools that would be interested in doing a show and tell? Please let us know! We would love to have them come in and show us some of their tools!

Please make sure to pack hats and gloves in your child's book bag for when we go outside!

Our Learning

Topic: Signs

Shape: Octagon and Rhombus

Color: BLACK AND BROWN

Number: 11 + 12

Letter:

Week 1: Kk

Week 2: Ll

Practicing at Home

Since we are covering signs this week, while in the car or at the store, point out different signs to your child. You can talk about what they mean, their shape, or even the colors/numbers on it. We will also send home a number sense puzzle and some practice for tracing!

These are voluntary practice items to complete at home.
