Week 1: Nn

Week 2: Oo

Vocabulary

interpreter exhibit collapse

buildings inspiration skate

wordless elevator dental

Tidbits

Students have been learning about signs! They have been practicing signs around them.

Students have been having the best of time writing letters and "delivering packages" in our post office!

Family engagement packs have been going home! We hope that those who have received them have been enjoying them!

Please pack hats and gloves for when we are outside.

Practicing at Home

Adventure: Take your child with you to the grocery store! Point out different signs around them and what they mean! We will send home practice over measurement and the letter N.

These are voluntary practice items to complete at home.
