Goals

The Strategic Plan for 2015-2020 identifies goals for Columbia Local Schools. The goals are:

- 1. Student Achievement/Academics
- 2. Facilities
- 3. Finance/Funding
- 4. Connections/Community/Trust

Each goal area has a strategy and initiatives that will navigate our path toward attaining these goals and fulfilling our direction as a District.

Each year we will evaluate where we stand in each committee. This will allow us to make sure that we continue on the path to excellence. We will also keep the community and the Board of Education up to date with every step of the process.

Mission Statement

"To provide the students of our community with the opportunity for a balanced education from a staff dedicated to each student's success"

Vision Statement

"Achieving Excellence Together"

Goal #1: Student Achievement/Academics

STRATEGY #1: ENHANCE EDUCATIONAL PATHWAYS AND INCREASE RIGOR TO ACHIEVE EXCELLENCE IN ALL CONTENT AREAS.

- Curricula, instruction and assessments are vertically aligned and articulated. (Ongoing)
- Provide meaningful professional development and the resources necessary to assure their effectiveness. (Ongoing)
- Additional lab periods per week will be added to the High School schedule for Physical Science, Biology and Chemistry. (Set to begin in the fall, 2017 – completed 2017)
- Construct and provide professional development to increase writing across the curriculum with a focus on foundational skills. (Ongoing)
- Provide effective and engaging instruction utilizing research-based "best practices", specifically increasing the amount of co-teaching throughout the district. (Ongoing)

Goal #1: Student Achievement/Academics

STRATEGY #2: PROVIDE STUDENT CENTERED OPPORTUNITIES TO FACILITATE A BALANCED EDUCATION.

- Every 2 years we will review our elective course and extra-curricular offerings based on interest with a goal to increase graduation requirements to surpass state minimum. (Ongoing)
- Create and implement College Pathways to allow students to earn college credit. (Ongoing)
- Develop options for students based on best practices, including but not limited to subject acceleration, gifted services, project based learning and independent learning options. (Ongoing)
- Develop a work based learning program to develop community partnerships and explore student interests.
- Utilize student leadership teams at all buildings to allow for student input on school issues. (Ongoing. Developed September, 2015)
