

BUILDINGS AND GROUNDS MANAGEMENT

The goal of custodial services shall be to maintain safe, clean, and fully-functional schools and grounds. Custodial personnel shall open and secure the building facilities as scheduled; and assist students, parents, and the community with activities and events that require the use of school equipment and facilities.

The goal of maintenance services shall be to supervise and assist in the maintenance of all school properties. Maintenance responsibilities include purchasing supplies and materials for all buildings; performing preventative maintenance in the school system; working with principals, teachers, and drivers in developing and providing an active safety program for bus riders; cooperating with parents, students, teachers, administrators, drivers, and custodians; and having a knowledge of building blueprints and all building custodial procedures and operations.

Adopted: July, 1978

Revised: date of manual adoption
