Color: green + orange

Number:

Week 1: 5

Week 2: 6

Letter:

Week 1: Ff

Week 2: Gg

Vocabulary

circumference length
shorter longer sphere
energy force shade flat

Tidbits

This week we will be starting our ball study!

On Thursday (10/29), we will be having our Halloween party! Your student is welcome to come dressed in their Halloween Costume!

As the weather is changing, please make sure to have your child bring a coat/jacket with them.

Reminder: Make sure all of their items (coat, gloves, hat) are labeled with their name ☺

Practicing at Home

In the classroom, we have been learning our letters in sign language! Ask your child to show you some of the letters that we have learned! While at home, cutting is a great skill to work on! Draw different shapes or lines and have your student try to cut them out!

These are voluntary practice items to complete at home.
