

INSTRUCTIONAL SERVICES

The District will support media services that facilitate and help improve the learning process by providing various media and resource materials, such as:

1. consultant services for the improvement of learning and instruction;
2. instruction in the use of the library;
3. information on new developments in education; and
4. new materials suited to the needs of students and teachers.

Adopted: July, 1978

Revised: date of manual adoption
